Demons and...Your Children?

### Greetings!

Are you aware yet of what the next big, occult based, anti-biblical fantasy movie will be? It's *The Golden Compass*!

*The Golden Compass* is a new fantasy film based a novel entitled *Northern Lights* [United Kingdom]. The name of the movie being used in the United States is *The Golden Compass*. The Golden Compass is the first novel in Philip Pullman's trilogy *His Dark Materials*. The movie will apparently be released on December 7, 2007 by New Line Cinema.

The Amazon.co.uk one sentence synopsis reads this way:

#### Synopsis

**In this first part of the "Dark Materials" trilogy, Lyra's friend Roger disappears. She and her daemon[DEMON], Pantalaimon, determine to find him. Their quest leads them to the bleak splendour of the North where a team of scientists are conducting unspeakably horrible experiments.**

In the last few days, six concerned people have emailed me asking if we know about this movie yet. The small entries below are some of my recent research notes. The links will take you to our *Spiritual Research Network Blog* where there is more info.

Be forewarned ! There is a lot more going on here in *The Golden Compass (Northern Lights)* and *His Dark Materials Trilogy* than meets the eye! In fact, the author boldly declares:

**"My books are about killing God."** (Philip Pullman)
